

### WHAT IS "ODYSSEY ON STAGE"?

The Odyssey Youth Dance Theatre performs internationally each year as "Odyssey On Stage".

Have you ever wanted to participate in a performing arts tour and perform for international audiences? Have you ever wanted to travel to those "must see" destinations that you have always dreamed about. Are you interested in learning more about the dance and vocal arts or what it takes to be a professional performer in the entertainment industry?

"Odyssey on Stage - 2006" is for you!!!

"Odyssey On Stage" is a unique, truly exciting and non-competitive concept in performing arts and travel around the world. It is open to all performers 14-20 years of age in all areas and styles of the performing arts. We have a place for everyone on our international performing arts tours.

You can perform as a soloist, in a select ensemble or in the full company program. You can participate as an individual, as part of a school group or from a private dance school. You will take classes and participate in workshop sessions and rehearse our international programs every 3-4 weeks at several locations in the Sydney Area. The cost of classes and workshops is included in your tour cost.

You can still remain a part of your own school or private dance companies and after your tour you are under no obligation to remain with the Odyssey Youth Dance Theatre. You can continue to take classes and be involved with OYDT, if you wish.
